

## New England Chapter Scholarship Program

RMA is a member-driven professional association whose sole purpose is to advance the use of sound risk principles in the financial services industry. We accomplish this by furthering the ability of our members to identify, assess, and manage the impacts of credit risk, operational risk, and market risk on their businesses and their customers and how sound risk principles contribute to enhanced profitability and more efficient allocation of capital to support growth.

Headquartered in Philadelphia, Pennsylvania, RMA has approximately 2,500 institutional members that include banks of all sizes as well as nonbank financial institutions. They are represented in the association by 18,000 risk management professionals who are chapter members in financial centers throughout North America, Europe, and Asia/Pacific.

The New England Chapter of RMA is pleased to offer two, one-time, non-renewable \$2,500 scholarships to be awarded on or before May 31, 2020. The scholarships will go to the winning candidates based upon their academic record, leadership, personal statement, and school and community activities.
